1. Introduction and Scope

1.1 Birdwing Airlines Pvt. Ltd. employs about 14,200 people: flight crew, cabin crew, aircraft maintenance engineers, airport and ground operations, operations control, customer experience, commercial, technology and corporate teams. This handbook sets out the policies that govern employment with Birdwing.

1.2 It applies to all permanent employees. Fixed-term, contract, apprentice and outsourced personnel are covered to the extent stated in their contracts and in section 3. Collective agreements with recognised unions (Birdwing Pilots Guild and the Ground Staff Association) take precedence for covered employees where they are more favourable.

1.3 **Hierarchy of rules.** Law and DGCA regulations come first, then the individual employment contract, then collective agreements, then this handbook, then departmental procedures. Nothing in this handbook limits an employee's rights under statute.

1.4 Policies are owned by the People and Culture (P&C) function, reviewed yearly, and approved by the Chief People Officer. The Management reserves the right to amend policies with 30 days notice, except where required immediately by law or safety.

1.5 Questions about interpretation go to the HR Business Partner (HRBP) for the department. Disagreements about interpretation are decided by the Chief People Officer.

3. Recruitment, Onboarding and Pre-Employment Checks

3.1 Recruitment Principles

- All vacancies at band M3 (Manager) or below must be posted internally for **7 days** before external advertising, except where a successor has been identified under the Succession Plan.

- Employment of relatives: a person may not be hired into a reporting line with a relative. Existing cases must be disclosed to HR under clause 14.3.

Employee group	Probation period	Mid-point review

4.1 Probation may be extended once, for up to **60 days** (up to 90 days for flight crew awaiting licensing), if the manager records specific performance gaps with the HRBP's approval. The employee must be told in writing at least **10 working days** before probation ends, and an improvement plan with at least 2 measurable goals must be issued.

4.2 Confirmation: the manager submits the confirmation form with the scorecard at least 15 days before probation ends. HR issues the confirmation letter within **6 working days** of receiving a complete form. Employment continues on probation until the letter is issued.

4.3 Either side may end employment during probation with **14 days** notice (30 days for flight crew). Employees on probation are not eligible for internal transfers or the performance bonus, and may take leave only after the first 3 months, except for emergencies.

5. Working Time, Attendance and Rostering

- Overtime is paid for G1 to G4 and C1 employees at **2x** the ordinary hourly rate, subject to local law. Overtime must be pre-approved.
- Three late arrivals of more than 15 minutes in a calendar month count as one half-day of casual leave.
